

PERFORM AT THE INTERNATIONAL CIRCUS FESTIVAL

"CIRCUBA"

Perform under a real "Big Top"

If you have a circus troupe or ensemble that would like to perform at the International Circus Festival in Havana then we can help make this happen for you.

The Havana International Circus Festival "CIRCUBA" is a prestigious event held every year in late July early August in Havana. The festival has circus performers from many different countries and many from within Cuba. The festival is now in its 13th year and its stature in the circus world grows every year.

To be part of Circuba you must submit an audition video of your troupe, a committee then picks the best acts to be part of the weeklong festival performances. As well as performing in the Trompoloco Big Top at the festival you will be able to attend workshops and master classes as, visit the Havana Circus school and be involved in Circus and cultural exchange activities.

This is more than just a performance opportunity but a genuine cultural emersion. We can organise all your accommodation, transfers, meals and audition applications as well as a bespoke tour of Cuba with extra performance opportunities if you so desire.

To be part of this incredible experience please contact us for further details.
