

PERFORM AT THE HAVANA INTERNATIONAL JAZZ FESTIVAL

If you have a Big Band, Stage Band or Jazz Ensemble that would like to perform at the Havana International Jazz Festival then we can help make this happen for you.

The Havana International Jazz Festival is a prestigious event held in late December every year (usually between the 15th and 22nd). The original festival was created in 1984 and has had many notable international performers such as Dizzy Gillespie, Max Roach, Charlie Haden and

Chucho Valdes perform along with many outstanding musicians from Cuba and around the world.

The director of the festival is the internationally renowned Cuban pianist Chucho Valdes and every year he assembles the best Cuba has to offer as well as many musicians from scores of nations.

If you would like your band to attend and perform at the festival you will have to submit an audition video as well as a

biography. If you are accepted then we can arrange all your accommodation, meals and travel. We also offer a tour for jazz enthusiasts who want to attend the festival and who want to get to see this amazing island.

Please contact us for more information on how you can make this a reality for your group.
